

**Have you ever been
diagnosed with
Post-Herpetic Neuralgia (PHN)?**

**Have you experienced
pain caused by PHN on a daily basis
for the past 3 months?**

**Have you felt pain present
after more than 6 months
after PHN was overcome?**

**Are you between
18 and 85 years
of age?**

If you are ready to take the next step and you want to participate in a clinical study to treat your PHN, ask your doctor for more information or contact CPR at (210) 826-8896.

You can also write an inquiry to rstine@cipm.com

You do not have to be a patient of Consultant in Pain Medicine to participate in this study.
